

20. O&M of plant shall start after the successful commissioning of plant. It shall include supply of manpower, machineries, T&P, chemicals, solvents, consumables, spares etc and all topping in the interim period. Plan for manpower deployment and plan for O&M shall be submitted by the successful bidder at least 3 months prior to plant commissioning for approval of NTPC. Payment against O&M shall be processed by EIC upon receipt of invoice and certification of the same by the EIC at the end of each quarter. For details, kindly refer to the O&M chapter.
21. Provide all raw material (viz lime, etc) required for plant commissioning and O&M. NTPC shall provide Raw material (viz Fly Ash) and Utilities (viz electricity, water, steam etc) at designated terminal points free of cost. Arrangement for handling of raw material from NTPC's terminal point to the site shall be in the scope of bidder. Fly ash transportation shall be done in bulker from terminal point.
22. Until the duration of comprehensive O&M, it shall be in the scope of bidder to stack, de-stack and transport the C-Brick within NTPC premises using Loader, Forklift, Truck mounted Brick Grabber, Truck mounted Palfinger etc - along with driver, fuel, spares, consumables.
23. It is not the intent to specify herein all aspects of engineering and construction. The Bidder shall be responsible for providing all materials, equipment, and services, specified or otherwise (unless specifically excluded) which are required to fulfil the intent of ensuring operability and the reliability of the complete system covered under this specification. Sub-vendors for all outsourced items shall be finalized in consultation with NTPC.

A.4. General Guidelines:

1. Site Survey: Before submitting bid, the bidder is advised to inspect and examine the site and its surroundings and should satisfy himself the quantities and nature of work, materials necessary for completion of the work and their availability, means of access to site and enable himself to prepare bid and see site conditions of operation at his own cost. No consequent extra claims on any misunderstanding or otherwise shall be allowed by the NTPC.
2. Bidders are requested to carefully examine and understand the specifications and seek clarifications, if required, to ensure that they have understood the specifications. Bidder's offer should not carry any sections like clarifications, interpretations and/or assumptions. However, if the bidder feels that, in his opinion, certain features brought out in his offer are superior to what has been specified, these may be highlighted separately.
3. All material constructed or otherwise, shall be considered as the property of supplier till the handover after successful commissioning of Plant.

A.5. Facilities provided by NTPC:

1. Land: Outdoor land, as marked in the plot plan, shall be provided.
2. Construction Power: 415 VAC supply shall be provided at the nearest feeder free of cost.
3. Construction Water: Raw water will be provided by NTPC free of cost.
4. Accommodation in NTPC Township: On 'chargeable basis', subject to availability.
5. Raw material (viz Fly Ash) and Utilities (viz electricity, water, steam etc) at designated terminal points free of cost.
